## Eagle / The Social Network Full of Apps

SEP 2017 - MAY 2018

This is the **biggest project** I have ever made. Carefully-designed into every detail. A kind of a social network with real-time chat, connecting with friends, memo, quotes generator, photo sharing, etc. Watch video: <https://youtu.be/NjZtdR8aMg>

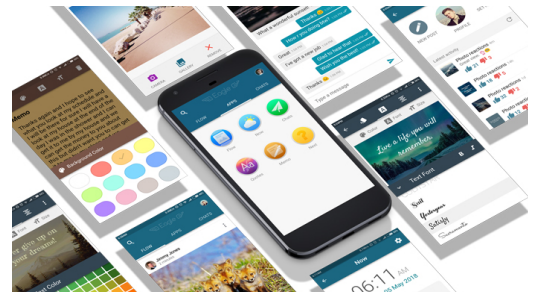

Project url: <https://play.google.com/store/apps/details?id=com.albdevteam.eagle>

(The app is currently out of service due to the lack of funds!)

**Tech used:** PHP, Codelgniter, MySQL, Ratchet, CentOS for backend & JavaScript, HTML5, CSS, Cordova for client and many other 3rd party plugins and libraries.

## Languages

(4)

---

### Albanian / Native Language

Mother Language

Skilled in reading, writing and speaking. Talented in writing well-structured essays and **poems**. I've done **public speech** a few times.

### English / Level B2 - C1

Reading, Speaking, Writing

Since my school subjects where in English language, I practiced English a lot, in reading, writing and speaking as well. I can speak it in different accents. I've done **public speech** a few times.

### Arabic / Spoken Well

Speaking

I learned Arabic language from TV. I can speak the language **fluently**, but I find it a little difficult in writing or reading without vowels.

### Turkish / Level A2 - B1

Elementary Proficiency

I learned Turkish language in **school**. I can speak i, but not fluently. I find it easier to read and write.

## Hobbies and Talents

---

### Drawing / Fine Arts

Art is in my “genes”, my father is a very talented painter. My uncle is a sculptor. I find my talent in fine arts very helpful in **designing user interface** for apps and websites. It helped me a lot in my career as a web developer.

### Poetry / Creativity

I'm not a poet, but I find it easy to **rhyme** verses and come up with a nice poem in my native language, and in Arabic as well. I'm relatively good at making **essays** as well.
